.14 границы кварталов, номера кварталов

Номер начальной точки	Номер следующей точки	Направление линии (азимут)	Длина линии, м	Долгота	Широта
1	2	152,68°	198,80	158,221385	54,384847
2	3	238,50	184,61	158,2227559	54,383106
3	4	332,54	201,58	158,22033322	54,3822398
4	1	59,99	184,76	158,21890258	54,3838487

The map displays a red quadrilateral with vertices labeled 0, 1, 2, and 3. The quadrilateral is situated in a region with several labeled areas and features:

- Top Left:** A large area labeled 635.
- Top Center:** A small area labeled 10, and a larger area labeled 11.
- Top Right:** An area labeled 577.
- Center:** A small area labeled 24, and a small irregular shape labeled 644.
- Bottom Left:** An area labeled 23, and a small area labeled 32.
- Bottom Center:** A small area labeled 21.
- Bottom Right:** A small area labeled 7.

The quadrilateral's vertices are located at the following approximate coordinates (x, y):

- Vertex 0: (710, 400)
- Vertex 1: (680, 430)
- Vertex 2: (760, 580)
- Vertex 3: (620, 660)

The quadrilateral is formed by red lines connecting these vertices. The map also shows a network of roads (solid black lines) and rivers (dashed black lines).
